Section 23 A of the State Construction Code Act of 1972; Public Act 230 of 1972, MCL 125.1523A, prohibits a person from conspiring to circumvent the licensing requirements of the State of Michigan relating to persons who are to perform work on a residential building or a residential structure. Violations of Section 23A are subject to civil fines. **Signature of Homeowner or Licensee/Contractor** _____
Homeowners Only: I hereby certify by signing the above that the electrical work described on this permit application shall be installed by myself in my own dwelling in which I am living or about to occupy. All work shall be installed in accordance with the State Electrical Code and shall not be enclosed, covered up, or put into operation until it has been inspected and approved by the County Electrical Inspector. I will cooperate with the County Electrical Inspector and assume the responsibility to arrange for necessary inspections.

IMPORTANT INFORMATION

- Electrical work shall not be started until the application for permit has been filed with the Mason County Building Department. All installations shall be in conformance with the State of Michigan Electrical Code. No work shall be concealed until it has been inspected.
- INSPECTIONS:** When ready for an inspection, call the inspector at (231) 757-9345 ext. 17 and provide a phone number, permit number, Township/City, and address. Call at least 48 hours in advance of the needed inspection. Provide special instructions such as directions to a remote location, how to open a gate, or which door will be left open. If an inspector cannot enter the property, an additional inspection may be charged. Inspector works Monday and Wednesday.
- EXPIRATION OF PERMIT:** A permit may be canceled one year from the date of issuance. Canceled permits cannot be refunded or reinstated. Those needing additional time after one year from the permit issue date will be charged a \$40 renewal fee per six month extension.
- PLAN REVIEW:** Plans prepared under the direct supervision of a licensed engineer or architect (pursuant Act 299 of 1980) are REQUIRED for all commercial projects and homes over 3500 square feet. PLANS MUST BE SUBMITTED AND APPROVED BY THE ELECTRICAL INSPECTOR BEFORE A PERMIT CAN BE ISSUED. Alterations and repair work within a commercial/public operation determined by the electrical inspector to be of a minor nature may be excepted from the plan review requirement.
- Mason County will not discriminate against any individual or group because of race, sex, religion, national origin, color, marital status, handicap, or political beliefs.
