Community A: Logan Township Community/Entity B Mason County

WHEREAS, Community A desires to be re-instated in the Federal Emergency Management Agency's (FEMA) National Flood Insurance Program (NFIP) by complying with the program's applicable statutory and regulatory requirements for the purposes of significantly reducing flood hazards to persons, reducing property damage, reducing public expenditures, and providing for the availability of flood insurance and federal funds or loans within its community; and

WHEREAS, the NFIP requires that floodplain management regulations must be present and enforced in participating communities, and utilize the following definitions which also apply for the purposes of this resolution:

1. Flood or Flooding means:

The collapse or subsidence of land along the shore of a lake or other body of water as a result of erosion or undermining caused by waves or currents of water exceeding anticipated cyclical levels or suddenly caused by an unusually high water level in a natural body of water, accompanied by a severe storm, or by an unanticipated force of nature, such as flash flood or an abnormal tidal surge, or by some similarly unusual and unforeseeable event which results in flooding, as defined in paragraph (a)(1) of this definition.
- 2. <u>Flood Hazard Boundary Map (FHBM)</u> means an official map of a community, as may have been issued by the FEMA, where the boundaries of the areas of flood, mudslide (i.e., mudflow) related erosion areas having special hazards have been designated as Zone A, M, and/or E.
- 3. <u>Floodplain</u> means any land area susceptible to being inundated by water from any source (see definition of flooding).

Treasurer S. Smith reviewed the September 2014 Treasurer's Report.

Clerk J. Riffle reviewed the September 2014 Clerk's Report.

Administrator Knizacky reported the new phone system changeover has been completed and has gone well, the West Central Michigan County Alliance meeting will be held on October 27th, and the Mason County Township Officers quarterly meeting will be held on October 16th in Custer. The t-hanger project at the Mason County Airport is moving forward and there will be a change order coming to address the capping of a couple wells that were found when the old hangar was demolished.

Public Comment.

- Mark Otto of Ludington expressed his displeasure of the County Board's action to purchase hangar #12 and the timing and lack of communication regarding his need to vacate the hangar he was renting from the county in order for it to be demolished to build a new hangar. Mr. Otto suggested that hangar #12 needed to be inspected and repaired and gave examples of an icing problem due to it having a sliding door, rollers needing to be replaced and the potential of a well that also needed to be capped within the hangar and questioned if the repairs would take place. Mr. Otto stated he had negotiated the purchase price of \$8,000 with the family of the deceased owner with the intent of making the needed repairs. Mr. Otto felt he was being forced off the airport site and stated he had not been offered a lease in the new hangar currently being built and understood the county had first right of refusal of hangar #12, however he did not know if he would be offered a lease of it once the county owned it or if he would be interested if the repairs were not made.
- Mike Krauch, Michigan State University Extension (MSUE) District 5 Coordinator, thanked the County Board for their continued support, invited board members to visit the office in Scottville, and updated the County Board on future plans of MSUE in Mason County.
- Kathy Evans of WMRSDC noted that Jordan DeVries, Mason-Lake Conservation District Manager, had also worked very hard on the recently completed Phase 1 of the Lake Michigan Water Trail Plan.
